3D Printing Regulations and Rules

This Wiki entry outlines the key rules and guidelines for using the facilities at Bellingham Makerspace. Adhering to these rules ensures a safe, productive, and welcoming environment for all members and visitors.

Rules and Regulations

1. **Training Requirement**
   - **Objective:** Ensure competence in safely operating equipment.
   - **Rule:** No use of complex machinery, like 3D printers, without prior training and authorization from makerspace staff.
2. **Weapons Prohibition**
   - **Objective:** Maintain a safe environment.
   - **Rule:** The possession or use of weapons is strictly forbidden on makerspace premises.
3. **Recycling and Waste Disposal**
   - **Objective:** Promote environmental sustainability and cleanliness.
   - **Rule:** Dispose of all waste materials and scraps in designated recycling bins with proper segregation.
4. **Cleanliness**
   - **Objective:** Maintain an organized workspace ready for use.
   - **Rule:** Clean workspace and return all tools and materials to their designated places after completing projects.
5. **Equipment Care**
   - **Objective:** Prevent equipment damage and ensure maintenance.
   - **Rule:** Do not attempt to repair or modify any equipment. Report issues immediately to staff, leading to an incident report.
6. **Payment for Prints**
   - **Objective:** Simplify and ensure transparency in transactions for 3D printing services.
   - **Rule:** Pay for prints either at the counter immediately upon collection or online via PayPal link as provided in the payment procedures.
